Electric Guitar

Swing

Use your thumb for the F# chord, and mute the other two strings, OR just play the first three strings.

If the C9 is too much, just play the first three strings, OR sub a C7 or C.

Electric Guitar

Jazz Waltz

This is a really important part! Perform the staccatos (dots) and legatos (lines).

Feel free to substitute any B♭ or E♭, including other bar chords. For the Db, feel free to just play the first three strings, or substitute the bar chord on the 4th fret.

For the Cm7, feel free to just play the first three strings.
Electric Guitar

Do the best you can here. If it's too overwhelming, skip to ms. 81

This is the same passage as ms. 53, with bar chords substituted.

Ballad

The Ebmaj9 really should be as written. If the Bb and/or Db are too much, just play the top four strings.
In these four bars, you can just play the chords on the downbeats (Gm7, C9, Fm7, Bb13), cutting out the other chords.
